Lodging: For out of town guests, we recommend staying at the Silver Cloud Hotel across the street from campus. More information can be found at <http://www.silvercloud.com/seattlebroadway/> To get our group discount, please reference the group "Cascade" when you make your reservation.

Travel Support: The Cascade Topology Seminar is supported in part by grants from the National Science Foundation and the Pacific Institute for the Mathematical Sciences. The support of these agencies is gratefully acknowledged. The Seminar has dedicated funding available to support the participation of graduate students, early career mathematicians, and members of traditionally underrepresented groups. Members of these aforementioned groups are especially encouraged to apply and attend.
