Dr. Yingwu Zhu

PROJECT #1’S DEMO & PRESENTATION
May 13, 2010
10-15 minutes per team
In the order of assigned group IDs
Based on the latest version of your program
Compile
Demo

- Start the server with empty hist. event database
- Test “add” and “query” events
- Restart the server, test “query”, see if previously added events are stored persistently
1 slide: each team member’s contributions
1 slide: main data structures you chosen, how & why?
1-2 slides: Problems encountered
1 slides: what you have learned
Be prepared for questions from the classmates and professor
GRADING

- Checkpoint submissions: 5 + 5 points
- Demo & Presentation: 20 points
